High Plains Shooting Range

This organization of sportsmen and sportswomen was founded as a non-profit conservation club over 40 years ago. The association is still heavily involved in conservation issues, but has expanded its involvement into education and promotion of the shooting sports. The association owns a 123-acre range facility eight miles east and 1 mile south of Ault, Colorado.

Organized activities include benchrest, highpower and black powder rifle events, plus trap, skeet, sporting clays, silhouette pistol, action pistol, archery and a very active Greeley Junior Shooting Club.

Second Amendment Sisters, Inc. is a women's advocacy group dedicated to preserving the basic human right of self-defense, and to giving attention to the vital role the Second Amendment of the United States Constitution plays in protecting that right.

We seek to educate through programs, initiatives and by exposing the bias and misrepresentation of the anti-self-defense lobby. We will bring attention to the benefits of gun ownership and help the public understand that firearms are vital tools for self-defense that should not be legislated out of private hands.
